

HEALTHY PETS

AND PEACE OF MIND

GO HAND IN HAND

The **ANIMAL HEALTH PLAN** is a comprehensive guide to your pet's health.

BY HELPING:

- Maintain a healthy pet through scheduled check-ups and procedures
- Prevent disease
- Manage diseases and health throughout the life span of your pet as long as pet is enrolled.
- Detect irregularities before they lead to expensive treatment

HEALTH + VALUE

Giving your beloved pet regular check-ups allows your West End Animal Center veterinarian to evaluate your pet's general health and identify any health issues before they become serious illnesses. Unlike us, pets can't tell us how they feel, so scheduled and timely check-ups are a great way to make sure your pet is always in the best possible shape.

That's why West End Animal Center has developed the ANIMAL HEALTH PLAN. It's your way of ensuring proper care of your pet while minimizing your yearly veterinary costs. Convenient, low annual membership fee provides financial peace of mind and confidence that your pet is healthy and happy. The Animal Health Plan is simple and cost effective.

NO PRE-EXISTING DISEASE OR PROBLEM EXCLUSIONS

We believe proactive care not only improves the quality of your pet's life, it will add years to it! Most importantly, it will help make doing the right thing for your pet simple and affordable through every stage of your pet's life.

West End Animal Center has specifically developed the ANIMAL HEALTH PLAN to include a complete standard of preventive care services as well as on-going veterinary care services throughout the membership period. Our plans are available for all your four legged friends, ranging from puppy and kitten, to adult.

No matter the age of your pet, the Animal Health Plan is specifically tailored to provide a cost effective means to veterinary health care.

Proactive and on-going care does not simply treat illness, but may eliminate problems before they happen.
